Khushi Rani

ranikhushi535@gmail.com +91 8978238853 LinkedIn GitHub

Summary

B.Tech Computer Science graduate with hands-on experience in software development, web technologies, programming, databases, and REST APIs. Skilled in Python, Java, JavaScript, Spring Boot, Django, React.js, Node.js, SQL, and Git/GitHub, with knowledge of OOP, DBMS, SDLC, debugging, and problem-solving.

Education

Bharath Institute of Higher Education and Research Chennai, India
Computer Science and Engineering B.Tech August 2022 – July 2026

GOVT. S.S SCHOOL Brahampura, Muzaffarpur
Science (12th) July 2020 – July 2022

Experience

PySpiders | Python Full Stack Developer Intern Bengaluru | Feb 2026 – May 2026

- Developed web modules using Python, Django, HTML, CSS, and JavaScript.
- Integrated REST APIs and database operations using SQL/MySQL; performed manual and unit testing and debugged application issues.

EduSkills Academy | Web Full Stack Developer Remote | Apr 2025 – Jun 2025

- Completed a 10-week AICTE Web Full Stack Development Internship with hands-on application development.
- Built responsive web components, integrated REST APIs and databases, and applied full-stack development skills.

Skills

Programming Languages: Python, Java, JavaScript, C, SQL, HTML, CSS
Core CS: Basic Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks, SDLC
Libraries/Frameworks: Spring Boot, Django, React.js, Node.js, Express.js, Bootstrap, Tailwind CSS
Databases: SQL, MySQL, MongoDB
Tools/Technologies: Git, GitHub, Linux, REST APIs, Manual Testing, Unit Testing, VS Code

Projects / Open-Source

MeetSphere | Link *MERN Stack, WebRTC, Socket.IO, AI*

- Developed a Hybrid AI & WebRTC-based collaboration platform for real-time communication.
- Implemented live video/audio calling, chat, and speech-to-text transcription.
- Integrated an AI chatbot to enhance collaboration and user interaction.

Wanderlust | Link *Node.js, Express.js, MongoDB, EJS*

- Developed a rental management platform with secure authentication and property booking features.
- Implemented CRUD operations for property listings and bookings.
- Designed a responsive and user-friendly interface for a seamless booking experience.

Event Management | Link *Python, MySQL, Django, HTML, CSS, JavaScript*

- Built a full-stack Event Management Platform with secure authentication and role-based access control.
- Implemented event creation, booking, and registration features for efficient event management.
- Integrated an AI chatbot to provide customer support and booking assistance.

Certifications

- Python Full Stack – PySpiders
- Full Stack Web Development – Apna College
- Digital Skills Readiness Program – Wipro
